Patti,

Thank you for sending me your letter. That was very thoughtful on your part. I have, however, seen a copy of your letter addressed to Councilmember Dobies.

City Manager Burtch tells me that you were called away to California on business. I hope you get to enjoy some sunshine while you are there!

I would be more than happy to speak personally with you or any of your government relations staff regarding the NDO. I respect your company's position on the matter. I also greatly respect and appreciate the efforts of Consumers Energy and yourself, Patti, as great corporate citizen and partner of the City of Jackson. I look forward to many great things that we can collaborate on in the future.

Best Regards,

Councilmember Greer,

It came to my attention that members of Council may not have received my letter of support for the non-discrimination ordinance under consideration. As such, I have attached it for you. Please let me know if you have any questions. I've also included our corporate political director on this message.
